Hello Parents & Guardians:

Welcome to the North Shore Swim Club. Enclosed, please find the information necessary to register for the 2005-2006 swimming season. You will find a registration form, program schedule and a clothing form.

NSSC is proud to announce our continued relationship with Salem State College, Gordon College, Minuteman Technical School, JCC of the North Shore, Hanscom Air Force Base and MIT. North Shore Swim Club will continue to use its web site as a primary source for information. Please review the website daily for practice calendars, meet information, team policies, coach's information and much more!

NSSC has re-organized our programs for the 2005-2006 season. Swimmers will be placed into their appropriate program, based on practice requirements and commitment levels. We are excited to announce this new format for the 2005-2006 season! Please review the program schedule that is enclosed. Also, we are excited to announce the addition of the following programs to NSSC:

NSSC-Compass Program: This program is geared for the Senior level swimmer who has committed themselves to becoming the best swimmer they can. It will include specific seasonal morning sessions, and a commitment of 6-8 practices per week. Swimmers in the Compass Program are expected to register for the entire year.

Session Registration: NSSC is proud to offer session registrations for the 2005-2006 season. Please note the sessions and prices on the registration form and payment schedule. Session registration only includes tuition. It does not include USA Swimming registration or clothing, unless you commit to the entire season and the entire financial commitment.

We hope these two new programs and our reorganized programs will help to ensure that NSSC is encouraging children to become the best swimmers they can be!

Please review and complete the enclosed registration form and clothing form before July 30, 2004. Please remit forms and payment to:

North Shore Swim Club
19 Fenley Rd.
Gloucester, MA 01930

We look forward to answering any questions that you might have for the 2005-2006 season.

Sincerely,

Tony Padvaiskas/ Dan Warner
